

These beautifully crafted wheels have been evolved to fill a need for a sturdy compact reliable and trouble free wheel that not only effortlessly produces spun yarn but is also a joy to use and a proud possession in any home.

If you are considering the purchase of a wheel, or if you find your present wheel is cumbersome and awkward to take with you, you owe it to yourself to have a good look at the 'Cherub' wheel.

Not only will you find that the wheel is unsurpassed in trouble free reliability, but is also small enough to fit into the boot of a Mini with stacks of room for all the extra gear required at a spinning gathering.
